Annex to the certificate of designation
KBA-P 00029-98 of 02 May 2013

The designation has been awarded based on an assessment according to the designation rules and on the recognition of the certificate of accreditation, registration number D-PL-12103-01-01, issued by DAkkS Deutsche Akkreditierungsstelle GmbH.

The designation is bound to compliance with the designation rules of the KBA as amended and to the validity of the certificate of accreditation on which the designation is based. The KBA must immediately be informed about amendments of the above mentioned accreditation or its termination.

The designation is published by the KBA (<http://www.kba.de>). This certificate becomes void with cancellation of the published entry.

The certificate of designation is not to be disseminated in any other form than the present one. The publication of extracts is subject to approval from the KBA¹. Only digital copies are permitted. Legally authoritative is only the certificate in A4 format with an original signature.

The technical service is permitted to use the following logo for indication of its designation. Rules for the use of the designation logo must be observed.

Requests regarding the designation can be addressed to

¹ The unmodified publication of the Certificate without annex is excluded from this requirement.

It has been proved that the testing laboratory is competent for the scope given below to carry out or supervise autonomously tests acceptable for approval procedures on the basis of²

- The law about the Agreement of 20 March 1958 concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts and the conditions for reciprocal recognition of approvals, revision 2
- The Decree on re-organisation of legislation for EC approval procedures (EG-FGV) in connection with the framework directives 2007/46/EC, 2002/24/EC, 2003/37/EC
- The German Road Traffic Licensing Regulations (StVZO)
- The Decree on vehicle parts (FzTV).

The testing laboratory is designated for the below defined scope as technical service category A and D in accordance with the framework directive 2007/46/EC and recognised by the KBA for type approval procedures in accordance with EG-FGV.

Designated and recognised testing methods (Prüfverfahren) are included in following scopes (Prüfgebieten):

08 Electric/electronic systems

² if relevant for test procedures (see "Catalogue of designated and recognised testing methods")

Catalogue of designated and recognised testing methods (Prüfverfahren)

(sorted by testing scope (Prüfgebiet) and subscope (Prüfumfang))

Specifications and standards quoted in testing methods as given below are included in the designation.

Categories are used as defined in the framework directive 2007/46/EC. Classification A refers to evaluation regarding EN ISO/IEC 17025:2005, classifications B or D - to evaluation regarding EN ISO/IEC 17020:2012.

Category V indicates that the technical service is designated for virtual testing. Such designation applies only for procedures listed in the framework directive 2007/46/EC, annex XVI. In this respect, the V-scope might be smaller than the scope characterized by the catalogue index. Designation does not cover the agreement of the approval authority to the validation report.

Scope and categorizing of test procedures refer only to the designation in general and do not allow any conclusions about the scope of possible single sites.
